BOATS AND CAR IN

HIRE OF 7M SUPERDUCK SEMI-RIGID BOAT WITH SKIPPER

Optional extra: If you would like to rent a boat for your stay, we can offer you the exclusive use of a **7m semi-rigid boat, a Superduck with 2 x 60HP Suzuki 4 stroke Bigfoot engines**. It comes with a skipper who knows the territory and channels, as well as the locations worth visiting. The boat may be used to visit anywhere around the peninsula and the Islands.

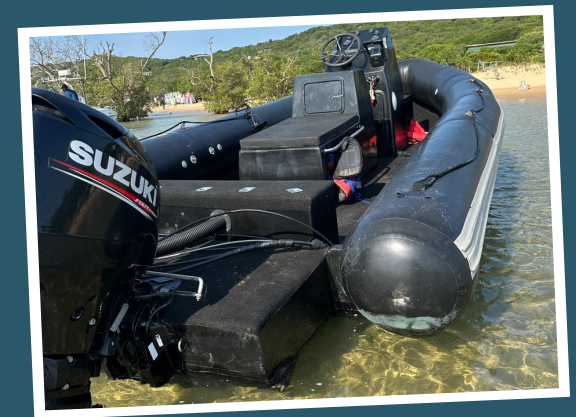

What a fantastic advantage to have total control of your **water-sports and excursions** during your visit! It's great to be able to check the weather and spontaneously choose what outing suits some or all of your family and friends. The boat is big enough to take the whole household of up to 10 pax.

Some of the wonderful boat excursions include:

- snorkelling in the channel, at Inhaca or on the way to Portuguese Island;
- trips to Portuguese Island or Inhaca Island for picnic lunches, Inhaca Village, The Maritime Museum, Luca's Sea Food Restaurant on Inhaca;
- water-skiing and tubing; ~ activity can only be undertaken outside the National park radius of 3km.
- drop off at fishing spots in the bay (please bring own equipment) or in the channel on an incoming tide, or drop off on Inhaca point.
- sun-downer cruises; trips to Santa Maria Village, etc.

For 1 to 2 days 16.000 MT with a 40l fuel allowance per day, 3 days or more 14.000 MT per day with a 20l fuel per day. Any extra consumption will be charged for at local fuel cost per litre and billed by the operator on site. This adds a comprehensive experience to an already fabulously exciting visit. **Equipment** such as water-skis, tubes, ski-rope, life-jackets, snorkelling equipment, beach chairs and a shade gazebo are **included for use on excursions**. There is no limit to the hours you may enjoy the boat. There is no time limit on day usage.

The Super-duck has new thermo-welded pontoons and a practical configuration for versatility and a household of guests. It has black pontoons with a grey trim (smart and trendy). This is a 7m (23ft) boat with 2 x new 60 HP Suzuki 4 stroke motors, capable of taking a full household of guests on excursions.
